

EBSCO A-to-Z®

Maximize the value of your collection by helping users find the titles they want

Access & Integration

Do you want to ensure that users can access your library's entire online collection? EBSCO A-to-Z®, the most complete resource listing service available, helps you do that and much more. It features a user-friendly interface that increases the visibility of all the titles in your collection — whether they are included in publisher packages, aggregated packages, or individually subscribed e-resources. It can be tailored to your library's needs, including options for communicating up-to-the-minute information to users, customizing search screens, and more. And it allows you to leverage the powerful EBSCO Integrated Knowledge Base, saving you valuable time by auto-populating titles and coverage for purchases made through EBSCO. The bottom line: EBSCO A-to-Z will help you **better manage your collection** and **empower your users**.

“ Students love EBSCO A-to-Z, and I love it.

It really *revolutionized* searching.”

Jamie Gieseck-Ashworth

— Jamie Gieseck-Ashworth, Assistant Technical Services Librarian,
Blackmore Library, Capital University

With EBSCO A-to-Z, you can ...

- Provide access to all of your library's resources, including e-journals, titles in full-text databases, titles in publisher packages, eBooks, and more
- Enable linked access to full text from popular research sites by utilizing A-to-Z's built-in OpenURL link resolver
- Expand your library's collection by including EBSCO's subject-specific Open Access packages, representing more than 9,000 unique titles
- Enhance your users' research experience by tailoring the Reader Site to their needs with customizable headers, tabs, notes, and icons
- Save valuable time by leveraging the EBSCO Integrated Knowledge Base; maintained by a team of skilled librarians, this industry-leading service auto-populates your collection details in EBSCO's wide range of management and discovery tools
- More effectively manage your e-packages and e-journals thanks to a high level of integration with cutting-edge EBSCO services like EBSCONET® Subscription Management and EBSCONET® Usage Consolidation

How EBSCO A-to-Z® Works for You

Customize to match your institution's Web pages

Browsing box allows users to quickly find resources by title; advanced search options also available

Alpha and sub-alpha links allow for easy, fast navigation

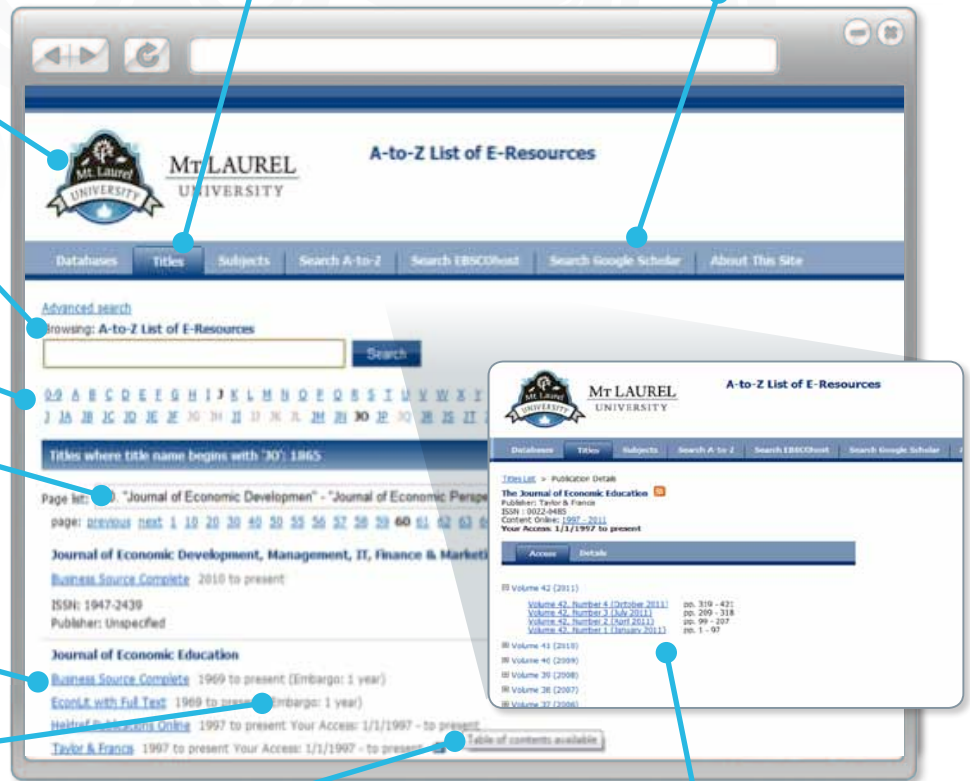

Dictionary-style list provides easy access to a specific page of results

Direct links available for each provider that contains the title

Coverage entitlements, including embargoes, displayed for each resource

Tabbed interface provides more functionality while maintaining simplicity

Custom tabs can be added to search other sites, provide ILL forms, show library hours, and more

Notes and icons provide additional details to users

Most e-journals ordered through EBSCO offer Table of Contents browsing

Not Your Average A-to-Z List

We believe your A-to-Z list should do more than just display a list of titles. That's why EBSCO A-to-Z® also offers these unique features:

- Table of contents browse with RSS feeds for journal content
- Powerful notes and icons to communicate key information to users at the point of need
- Integration with EBSCO's other management and discovery tools, including LinkSource®, our OpenURL link resolver; EBSCONET® ERM Essentials®, our e-resource management system; EBSCO Discovery Service™; and much more
